TEAM EFFORT

From its inception in 2005, D.R.A.G.'s vision and focus had been on assisting the Town of Lake Pleasant in their efforts related to snowmobile trail construction, maintenance, and grooming activities in Lake Pleasant, primarily in the Village of Speculator.

By supporting D.R.A.G. of Speculator, you are supporting the sport of snowmobiling in the Lake Pleasant/Speculator, NY area. D.R.A.G. understands the economic impact snowmobiling has on the local economy and we are dedicated to providing the best trail system possible to positively impact winter tourism. Our volunteers not only groom the snowmobile

Volunteer Groomer at Work

trails, they also work year round with land owners and State officials to ensure the trails will be accessible for years to come. An investment in D.R.A.G. is an investment in the future of snowmobiling in our area. As we move into our sixth year of

snowmobile trail maintenance and grooming we once again ask for your help and support. As a team we can continue to improve the safety and quality of our trail system.

Regards,
Rick Swift & Bob Carr,
D.R.A.G. co-founders

GROOMING BASICS

Grooming within the Town of Lake Pleasant is performed by the Town Department of Recreation. The Town is reimbursed for some grooming expenses through the NYS Snowmobile Trail Grant Program (your snowmobile registration dollars).

DRAG of Speculator assists the Town by grooming the trails within the Village of Speculator and the Speculator Tree Farm. DRAG is funded by business and private donations. Fuel assistance and insurance is provided by the Pleasant Riders Snowmobile Club. Some fuel, parts and supplies is also provided by the Town of Lake Pleasant.

Within the Village of Speculator, D.R.A.G. generally grooms HM105 to HM117, C4 from HM105 to Perkins, and the Page Street trail (LP1). D.R.A.G. also grooms all access trails to Village businesses and C8 between HM113(Mason Lake) and Indian Lake.

Grooming activity is primarily performed on Friday, Saturday, and Sunday nights, based on equipment repair and availability of the volunteer groomer operators.

Reminder!! Snowmobilers MUST yield the right of way to groomers. Failure to do so is a violation of the New York State law.
